Local Mention.

"The Price She Paid" at the opera house tonight.

Cool blankets are getting plenty of orders these days.

Try Heine's bulk mince meat; nothing better for pies. C. M. Howard & Co.

Mrs. W. A. Wickliffe is in Cincinnati on a visit to her daughter, Mrs. R. A. Jones.

The attraction at the opera house tonight is one of the strongest plays of the season, and has drawn large audiences everywhere.

Miss Hazel Benson will return to her home in Madisonville this week, accompanied by Miss Lorette Martin, whose guest she has been for some weeks.

Mr. Leslie Hale, who recently submitted to an operation in a hospital in St. Louis, is recovering rapidly, and will soon be able to be home.

Mrs. E. A. Boone and Herrick Johnson, of Germantown, Pa., who have been here on a visit to Mr. and Mrs. W. G. Duncan, left the first of the week for the South, where they will spend some weeks at various points.

Mr. A. Y. Finley, our new farm agent for the county, has an article in this issue on the value of sorghum as stock food. It is full of good points, and should be read carefully and followed by hundreds of our farmers.

Monday was a national holiday, but was not observed here by the banks or postoffice, on account of its being county court day, and people from all parts of the county being here on business.

Mr. T. C. Baird has added an Oliver typewriter to his office equipment, and will be in better position to care for his growing business.

The crowd in town to county court last Monday was not as large as usual, on account of the weather conditions; jockey alley was a deserted section, comparatively, though it has been dwindling for some years.

The recent rains and snows have supplied plenty of water to the coal mines, which for several months have been without this necessity, and have been put to extra expense by having water shipped in car tanks.

Mr. Harry Jones, of Louisville, was here for the week end with friends.

Mr. W. C. Duncan is in Wilmington, Del., and other eastern points on business.

THE RECORD, 50c. per year.

With the mercury registering seven above zero, Tuesday morning was the coldest of the winter.

Sorghum a Fine Feed for Animals.

In going over the county I find a great number of farmers who are buying hay; this ought not to be the case, for I am sure we can make hay to sell more easily than we can make money to buy it with. Now let me tell you how we can save a great deal of this hay money: just plant an acre of sorghum. It will make you more feed and better feed with the same amount of work than anything you can raise. Get about three pecks or a bushel of well cleaned seed (red top or orange is best) and after you have prepared your land well, get your corn drill, put in a plate that will plant or drop about 8 or 10 inches in a row, plant and cultivate just as you would corn; use some fertilizer to give an early start. When it comes up you will think it is too thick, but let it alone, as it will thin itself.

It is good for horses, and makes them work better; it is good for cows, and they will eat it with pleasure; it is good for pigs, and they will eat it with pleasure; it is good for chickens, and they will eat it with pleasure; it is good for all animals, and it will make them work better, and it will make them eat better, and it will make them live longer.

It is easy to cure, and will keep nice and sweet almost all winter; just keep standing on end, and it will be all right. Try at least a little this season.

A. V. FINLEY, Farm Agent.

Calomel, Calomel, you cannot stay for LIV-VER-LAX has shown us an easier way. Ask G. E. Countzler.

Mr. and Mrs. Morton Williams, of Daniel Boone, visited Mr. H. C. Lewis and wife the latter part of the week.

Mr. and Mrs. Robert Wickliffe have a fine boy, born to them yesterday morning.

Mrs. W. A. Young and Miss Ella McCracken are in Nashville, studying spring styles and buying millinery stock for the new department of Mr. W. A. Young.

People of Muhlenberg county are growing in luxuries or honesty, as we have four diamonds in the county this year, according to the assessor's list, while last year there was only one. If we increase at the same per cent, it will not be many years until we shall have some diamonds in old Muhlenberg. We have long been noted for our 'black diamonds.'

Miss Amy Langest, superintendent of county schools will leave next week for Richmond, Va., where she will attend the national meeting of school superintendents. This will be a gathering of many notables, and a meeting from which much good may be gotten, and our county will receive great benefit from the visit of Miss Langest.

Mr. A. Y. Finley, the new county agricultural man, is a very busy person these days, and is planning much for the betterment of conditions in his home county. In his work he will have the help of our people in every quarter.

Dogs Getting Gun-shy.

Chief of police Dennis has been very busy, lately, enforcing the order of the mayor that all unmuzzled dogs running at large should be killed. Up to the present he has killed about a score, and game is getting a little bit scarce, as dogs have passed the word around, and even a man with a cane or umbrella cannot get in Krag range, any more. There are yet a few hundred dogs in town which should be killed, if the owners allow them to run at large and depredate on other people, to say nothing of the danger to children. There is considerable pressure being brought to bear on the gentleness of the city council to pass an ordinance imposing a dog tax, and to require that all dogs be prohibited from running at large at any time, and it is likely that the measure will be considered at an early date.

The sleet and ice Monday morning did considerable damage to telephone and telegraph lines, and trouble men were busy in all sections restoring order quickly, and service was soon normal again.

An Appreciation From Texas.

Waxahachie, Texas, 18 Feb. '14.
Mr. Otto A. Rothert,
Louisville, Ky.

Dear Sir:—

It has recently been my privilege to read your "History of Muhlenberg County," and I am really enthusiastic about the book. These are some of the good points noted:

1. It is a well made volume, clearly printed on good paper, abundantly and appropriately illustrated—in appearance, altogether the most attractive county history I have ever examined.

2. The story of the county is excellent. The county's story is told simply and clearly, yet with interest and vividness, and in a way that is sure to attract the reader's attention.

3. There is a wealth of genealogical material in the book, and the names of the early settlers are clearly set forth. Every chapter bears the evidence of careful research to secure authentic facts.

The book should have a wide circulation, not only in Muhlenberg County and in Kentucky, but among lovers of history everywhere.

Sincerely,
LENAE DANEY GALLAWAY,
Librarian Sims Library.

Board of Health Man to be Here.

Dr. W. M. Steel, a member of the State Board of Health, will be here Thursday, March 5, coming at the special invitation of the Woman's Book Club. He will make a thorough inspection of the city, and recommend action necessary for sanitation and public health conditions. In the afternoon he will address the members of the Book Club, to which all ladies are invited, and at night will make an address to which everyone is invited. There will be no admission fee, and all our people are urged to attend. Physicians and county officials are especially invited to be present, as matters of vast importance will be discussed.

Good morning! Have you muzzled your dog?

We Promise You Relief from All Stomach Troubles Or Your Money Back

We honestly believe we have the best remedy in the world for indigestion and dyspepsia. We urge you to try it at our risk. If it doesn't relieve you—as we feel sure it will—we'll give back your money without a word. You know us—your family druggist. You know we wouldn't dare recommend anything we didn't know about, nor dare to break a promise. Therefore, when we recommend any remedy it is because we believe it to be better than any other to relieve the ailment for which it is given, and when we prove our faith in it and our sincerity toward you by promising to give back your money if it doesn't relieve you and in every way satisfy you, you have no possible excuse for doubt or hesitation.

Rexall Dyspepsia Tablets

are, we honestly believe, the best remedy made for Indigestion, Dyspepsia and all other Stomach Ills

We Know They're Good

Rexall Dyspepsia Tablets, in addition to other ingredients, contain Pepsin and Bismuth, two great digestive aids used by the entire medical profession. They soothe the inflamed stomach, check the heartburn and distress, stimulate a healthy secretion of the gastric juice, and in rapid and comfortable digestion of the food and help to quickly convert it into rich red blood, and thereby into flesh, bone and muscle. They relieve stomach distress promptly, and, used regularly for a short time, tend to restore the stomach to a comfortable, easy-acting, healthy state. They aid greatly to promote regular bowel action.

Delays Are Dangerous

Don't neglect indigestion, for it frequently leads to all sorts of ills and complications. The pain and discomfort is not the most unfortunate part. The fact that when the stomach is not acting right, the material needed to repair the wastes that are constantly taking place in the body is not being given to the blood either in the proper condition or fast enough is far more serious. Nothing will cause more trouble than an unhealthy stomach. The blues, debility, lack of strength and energy, constipation, biliousness, headaches and scores of other serious ailments result from the failure of the stomach to properly do its work.

You Risk No Money

Our willingness to have you use Rexall Dyspepsia Tablets entirely at our risk proves our faith in them. We always sell them this way, and it is because we know that they have greatly benefited scores of sufferers to whom we have sold them. There's no red tape about our guarantee. It means just what it says. We'll ask you no questions. You needn't sign anything. Your word is enough for us. We know that when they help you you will consider it money well spent even if they had cost you ten times as much. If they don't help you, the money you paid for them is yours, and we want you to have it.

Sold only at the more than 7,000 Rexall Stores—the World's Greatest Drug Stores. In convenient boxes—three sizes: 25c, 50c, \$1.00

Dr. Henderson's Farewell Service.

The splendid audience which gathered at the Presbyterian church last Sunday evening, in a down pour of rain was an indication of the very high esteem in which Dr. and Mrs. W. R. Henderson are held by the people of Greenville. Since this was to be Dr. Henderson's last service in our city, all the other churches dismissed their services to attend this closing service of a retiring pastor. If the weather had been favorable, doubtless every available seat would have been taken.

The other ministers were invited to occupy seats in the pulpit and participate in the devotional exercises. Bro. R. U. Lusk offered invocation, Bro. G. P. Dillon read the scriptures and Bro. W. C. Hayes led in prayer. Dr. Henderson then preached one of his usually strong and interesting sermons from Gen. 50:20, which was greatly enjoyed by all present.

At the close of the sermon, Rev. G. P. Dillon, pastor of the Methodist church and Rev. R. H. Tandy, pastor of the Baptist church, spoke briefly, but strongly of the delightful fellowship which they had enjoyed with Dr. Henderson and in appreciation of the excellent work he and his wife have done during their stay in Greenville. On behalf of their congregations, they expressed deep regret that those constructive workers are to leave our city and assured them that they would carry the best wishes and prayers of a large circle of friends here to their new field.

For nearly four years Dr. Henderson has been pastor of the Presbyterian church here and his strong scholarly, scriptural and spiritual sermons have been greatly appreciated by those who have heard them, while the work of his church has been in a prosperous condition. His wise counsel and ripe experience have been of great value to his brethren in the ministry and in the Ministerial Association and the excellent traits of the highest type of a Christian gentleman, which have always characterized his actions toward his fellowmen, have won for him the very high regard of all his acquaintances.

Mrs. Henderson with her splendid culture, her optimistic nature and lovable disposition has been a great favorite among the Christian women of the city. She has been active in all forms of cooperative Christian

service and has ever been ready to lend her influence to relieve the burdens of others, when possible, regardless of the church to which the needy ones belonged.

We shall long cherish the most pleasant memory of these consecrated Christian workers in our midst and we wish them the largest possible success and abounding happiness in their labors upon their new field at Sylvestor, Ga., to which they will go in a few days.

Local Talent Makes Good in Play.

"Down in Dixie," the play given by local talent at the opera house last Thursday night, was one of the most satisfactory entertainments that our people have seen in a long while. Every part was well played, and applause was liberal and general. The members of the band gave many pleasing selections, and between acts Mr. Bart Hudspeth gave readings and impersonations that went strong. The band boys had about \$75 placed in their treasury, as the show was a benefit performance for them.

Aged Blind Woman Dies From Burns.

Mrs. Elizabeth McKee, aged 78 years, died at her home at Drakesboro early Tuesday morning, from the effects of burns which she sustained about two weeks before, when her clothing became ignited from a grate. The body was carried to Vincennes, Ind., for burial this afternoon.

Mr. J. W. Lam was in Charleston, W. Va., last week on business.

Mr. Burney Shutt took advantage of the opportunity, and with some friends made an auto trip to Central City last Sunday.

Rev. G. W. Balk will preach at the Presbyterian church at 11 o'clock Sunday, and everyone is invited to attend.

Orien L. Roark was in Louisville on business a few days last week.

Greenville high school basketball team played the Beaver Dam boys at that place last Friday night, and were defeated in a score of 23 to 10. The game was a hot one, and was witnessed by a very large crowd.
